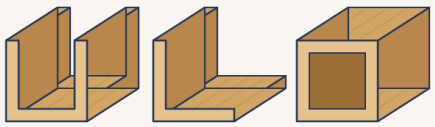
legnohardwood.com/wood-ceiling-beams

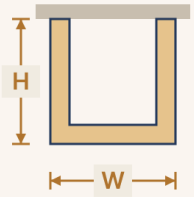
1 Choose a style



3-sided U-shape
2-sided L-shape
4-sided closed

Most ceilings use 3-sided.
2-sided runs tight to a wall.

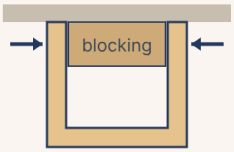
2 Measure



W = width
H = height
outside size, inches

L = length, wall to wall

3 Install



Blocking goes on the ceiling;
the hollow beam slides over
and is fastened through the sides.

Decorative, not structural.

Send the order form below · Delivered to your door, or with installation on request · (213) 715-5197

Specifications

Product	Hollow reclaimed wood box beams, made to order. Decorative, not structural.

How to Order

1. Choose the style, wood species, surface and color.
2. Measure each beam: width × height (in) and length (ft). List the quantity for each size.
3. Send the order form at legnohardwood.com/wood-ceiling-beams with photos of the ceiling, or call (213) 715-5197.
4. We reply with a quote and lead time. Showroom on S. Vermont Ave, Los Angeles, by appointment.

Specifications may vary by order; confirm with your quote.
